4.5: CLEAN AND GREEN CAMPUS

Govt. College Drang at Narla acknowledges the significance of environmental protection and the promotion of sustainable practices. In support of this, the college is dedicated to adopting policies and measures that foster a healthy environment and contribute to a green campus. This policy document outlines the strategies and initiatives the college will implement to accomplish these goals.

OBJECTIVES

- Implement sustainable practices to reduce the college's carbon footprint and energy consumption.
- Encourage waste reduction and recycling to lessen the college's environmental impact.
- Raise awareness among students, staff, and visitors about environmental concerns and the importance of sustainability.
- Protect the campus's natural resources and biodiversity and remove plastic waste .

Strategies and Actions

To meet the goals of the Environment and Green Campus policy, the college will implement the following strategies and actions:

- **Energy Efficiency:** The college will reduce energy consumption by adopting practices like replacing traditional light bulbs with LEDs and using energy-efficient appliances and **solar lights**.
- **Water Conservation:** Minimizing water waste through regular maintenance.
- **Waste Reduction and Recycling:** The college will promote waste segregation, compost organic materials, and ensure proper disposal of hazardous waste.
- **Sustainable Transportation:** To encourage eco-friendly transportation, the college will promote public transport, walking, and **car-pooling**.
- **Green Campus:** The college will maintain a green environment by planting trees, promoting biodiversity, and practicing eco-friendly landscaping.
- **Awareness and Education:** Through campaigns, the college will educate students, staff, and visitors about environmental sustainability and reduce the use of waste products.

Implementation and Review

A dedicated committee (like campus beautification committee), consisting of members from the college administration, faculty, and student body, will oversee the implementation of the Environment and Green Campus policy.

Conclusion

Govt. College Drang at Narla is committed to fostering environmental sustainability and adopting green practices on campus. Through this policy, the college aims to minimize its environmental footprint, raise awareness among stakeholders, and protect the campus's natural resources and biodiversity.
