The college strives to impart holistic education to the students and to groom them in such a way that they adapt to change without forgetting their traditional values. Our constant endeavour will be to make them sensitive and mature individuals who are ready to face the vicissitudes of life with optimism, courage and confidence.

CURRICULUM FOR UNDERGRADUATE COURSES

UNDER CHOICE BASED CREDIT SYSTEM (CBCS)

The CBCS provides an opportunity for the students to choose courses from the prescribed courses comprising core, elective and skill based courses. The courses can be evaluated by following the grading system, which is considered to be better than the conventional marking system. Therefore, it is necessary to introduce uniform grading system in higher education in India. This will benefit the students to move across institutions within India. The uniform grading system will also enable potential employers to assess the performance of the candidates. In order to bring uniformity in evaluation system and computation of the Cumulative Grade Point Average (CGPA) based on student's performance in examinations, the UGC has formulated the guidelines to be followed.

Outline of Choice Based Credit System:

1. **Core Course / Discipline Specific Course (DSC):** A course, which should compulsorily be studied by a candidate as a core subject is termed as a Core course. Core course is also referred as Discipline Specific Course (DSC). The course, designed under this category, aims to cover the basics that a student is expected to imbibe in that particular discipline.

2. **Elective Course:** Generally a course which can be chosen from the pool of courses and which may be very specific or specialized to the discipline/ subject of study or which provides an extended scope or which enables an exposure to some other discipline/subject/domain or nurtures the candidate's proficiency/skill is called an Elective Course.

2.1 **Discipline Specific Elective (DSE) Course:** Elective courses which may be offered by the main discipline/subject of study is referred as Discipline Specific Elective.

2.2 **Dissertation/Project:** An elective course designed to acquire special/advanced knowledge, such as supplement study/support study to a project work. A candidate studies such a course on his own with an advisory support by a teacher/faculty member is called dissertation/project.

2.3 **Generic Elective (GE) Course (for B.A./B.Com. regular courses):** An elective course chosen from an unrelated discipline/subject, with an intention to seek exposure beyond discipline/s of choice is called a Generic Elective. A core course offered in a discipline/subject may be treated as an elective by other discipline/subject and vice versa and such electives may also be referred to as Generic Elective.

3. Ability Enhancement Courses /Competency Improvement Courses/Skill Development

Courses/Foundation Course: The Ability Enhancement (AE) Courses are of two kinds: Ability Enhancement Compulsory Course (AECC) and Ability Enhancement Elective Course (AEEC). “AECC” courses are based on the content that leads to knowledge enhancement. They are: (i) Environmental Science, (ii) English/MIL (Modern Indian Language) Communication (mandatory for all disciplines). AEEC courses are value-based and/or skill-based and are aimed to provide hands-on-training, competencies, skills, etc.

3.1 Ability Enhancement Compulsory Course (AECC): Environmental Science, English Communication/MIL Communication.

3.2 Ability Enhancement Elective Course (AEEC): These courses may be chosen from a pool of courses designed to provide value-based and/or skill-based instruction. Project work/Dissertation is considered as a special course which involves application of knowledge to analyze and explore the real life situation and difficult problems. A Project/Dissertation work would be of 6 credits. A Project/Dissertation work may be given in lieu of a discipline specific elective paper.

4. Practical/Tutorials: (One each with every core and discipline/generic specific elective paper).

Regulations Choice Based Credit System (CBCS):

Definitions

Credit: Credit stands for the following

1. Term has a connotation of achievement to earn through learning efforts.
2. It implies successful completion of a course of study being measured in terms of classroom instruction hours/weeks in courses being studied in that year.
3. It implies learning efforts on the part of the learner.
4. It measures the volume of the content to be delivered in the course.
5. Credits of a course indicate the weightage of a course for the calculation of Grade Point Average (GPA).

Annual system: Annual means a twelve month academic term with teaching for 33 weeks, excluding duration of Minor Test, Assignments, Annual Examinations (AE) and Winter Breaks.

Tutorial Session: It consists of Participatory/Problem Solving/Deskwork/Brief Seminar/Group Discussion or any other methods that make learners absorb and assimilate the knowledge effectively.

Practical Session: It consists of hands on experience/Laboratory experiment/ case studies/ field studies that equip students to acquire skill component.

Choosing Study Courses

A student will be required to accumulate a certain minimum number of credits in order to qualify the UG Degree.

For Bachelor Degree Program, the students will have the limited choice of subjects available in the college.

The students will have to accumulate prescribed minimum successful credit hours of course work for Bachelor Degree over a minimum of 3 and maximum of 5 Years from the date of admission as per HPU norms.

Students' Assessment and Evaluation

All courses involve an evaluation system with Continuous Comprehensive Assessment (CCA), according to 70-30% weightage i.e. 70% for Annual Examination (AE) and remaining 30% for Internal Assessment.

Note: A student will have to secure at least 35% in one of the components i.e. CCA and Annual Examination in order to pass, but 40% in aggregate to become eligible to be declared successful in the course. Only those students will be allowed to appear in the Annual Examination who have been successful in CCA.

Continuous Comprehensive Assessment (CCA):

This would have the following components:

Classroom Attendance and Incentives: Each student will have to attend minimum of 75% Lectures/Tutorials/Practicals. A student having less than 75% attendance will not be allowed to appear in the Annual Examination.

= 75% but < 80%	1 mark
= 80% but < 85%	2 marks
= 85% but < 90%	3 marks
= 90% but < 95%	4 marks
= 95% and above	5 marks

House Test: There will be one House Test conducted when approximately 75% of the syllabus is covered. This House Term Test will be of 15 Marks.

Seminar/ Assignment/ Term Paper: 10 Marks of CCA will be awarded on the basis of classroom activities viz. Seminar/Assignment/Term paper/Quiz/Presentation etc.

Annual Examination (AE): 70% of final grade will be on the basis of Annual Examination that will be of three hours duration. Annual Examination will be based on the complete syllabus of the course.

Annual Marks For all Years	Classroom Attendance	House Test	Assignment/Presentation	Practical	Annual Examination	Total
Courses without Practical	05	15	10	--	70	100
Courses with Practical	05	15	10	20	50	100

Accumulation of credits:

A candidate shall be eligible for the conferment of Bachelor's Degree once he/she earns minimum of 132 credits as prescribed in the regulation of the program.
